

SAPC ~ SUITE 337 ~66 WITHERSPOON STREET~ PRINCETON ~ NJ 08542

MISSION

The South Asian Pharmaceutical Council's mission is to harness the energy of the South Asians in the Pharmaceutical industry in order to:

- Foster a sense of “community” among “South Asians” in the Pharma Industry
- Provide a forum for “mentoring” junior members who are in /aspiring to join the Pharma Industry
- Support initiatives aimed at improving healthcare education and access to healthcare in South Asia
- Sponsor meetings and conferences that advance learning in the area of Pharmaceutical Marketing and Sciences
- Advance the leadership, networking and professional development of South Asians in Pharma industry
- Promote and highlight achievement of South Asians in the Pharma industry

The SAPC Mission has three key elements:

1. Help enhance the success of South Asian pharmaceutical **professionals**
 - Networking opportunities across functions & organizations
 - Mentoring opportunities for South Asian professionals already in or planning to join the pharmaceutical industry
2. Make a difference in **South Asia** by sponsoring healthcare initiatives
 - Enhancing healthcare education in institutions
 - Improving healthcare access for people
3. Advancing **pharmaceutical** knowledge & insights
 - Research on industry marketing and science issues
 - Sharing with and learning from experts
